Clark High Scorer In The Conference

End Chat Clark, the Pahokee Blue Devils' ace pass receiver, was high man in individual scoring in the Suncoast Conference for the 1955 season. Clark's 68 points were four above the 64 run up by Stuart's Fred Reddish who placed second. Following these leaders were Melvin Ropp of Vero Beach, 48; Davis Pinnell, 37; Russ Sellers of Seacrest, 36; Don Porter of Fort Pierce, 35, and Leon Burkett of Belle Glade, 32.

The biggest surprise of the season in the Suncoast Conference was the strength and versatility of Coach Webb Pell's Pahokee Blue Devils, the defending conference champions, who came close to winning another conference crown, finishing a strong runner-up in second place position in the conference race. The Blue Devils were given a low rating in the predictions of the conference experts before the start of the season but opened some eyes when they started out strong to break their opener jinx and whip Clewiston, 14-7. In short, the 1955 Blue Devil eleven

Scouts Pay Their Share For Home

A Steak supper, featuring broiled steaks and southern-style hot biscuits, was enjoyed by members of Pahokee Boy Scout Troop 28 at a recent outing on the Lake Okeechobee levee. Adults attending were Scoutmaster and Mrs. Louis Mims, Neighborhood Commissioner and Mrs. Ed Carver and Mrs. Manning I. Keen.

On Monday night members of Troop 28, accompanied by Scoutmaster Mims, attended the meeting of the Pahokee City Council and presented to the city a check for \$100, representing the Scouts' share of the cost of the new Scout Home in the city park. Scout Jeff Barwick made the presentation on behalf of the Troop.

After completing the building of cabinets, tables and benches and moving into the new Scout Home, Troop 28 held open house for parents and friends, with a large number attending to inspect the new headquarters of Pahokee Scouts.

A big event looming in the near future for Troop 28 is the Glades District Camporee scheduled to be held at the Jupiter camp Dec. 10-11. Most of the troop membership is signing up to attend the camporee.

PTA Meeting Canal Point Is Postponed

The Canal Point Parent-Teacher Association will not conduct its December meeting Monday night, Dec. 5, as scheduled. Instead, PTA members will meet in the school auditorium Wednesday, Dec. 14, at 8 p. m. when the pupils of Mrs. Alma Burr's first grade room and Mrs. Helen Henderson's second grade room will present a Christmas program.

The policy department of Hollywood-By-The-Sea was awarded a special commendation this year for traffic safety by the National Safety Council.

Chamber Commerce Moves To New Home

The Pahokee Chamber of Commerce moved its office Monday from the corner room on the ground floor of the Dixie Hotel a short distance down East Main St., to the Gamot building across the street from the Prince Theatre.

The chamber has twice as much space in its new quarters which have been redecorated in light green with dark green floors, according to Mrs. Mae Pope, chamber secretary, who points out that parking space at the new location is much more ample than it was at the Dixie Hotel.

Ag Program Dates Set For Cost-Share

The 1956 Agricultural Conservation Program is being announced by the Palm Beach County A. S. C. in cooperation with the Extension Service (M. U. Mounts, County Agent), Farm Home Administration (John Stewart, Supervisor) and Soil Conservation Service (Henry Stanley, District Conservationist).

A letter is being mailed to each known farm operation in the County and any operator not receiving a letter should contact the A. S. C. Offices, Mounts Building, West Palm Beach or Sanders Building, Belle Glade.

The period for filing request for Federal Cost-Share under this program is from December 1, 1955 to January 13, 1956.

Any farmer who is owner, landlord, tenant, or shareholder, is eligible to request Federal Cost-Share Assistance for carrying out eligible conservation practices.

Progress Made In Safety Zone Plans

The State Road Department has painted lines for a school crossing lane on U.S. 441 at Canal Point where Lake Front Drive joins the highway and school crossing warning signs on both approaches to the pedestrian crossing, according to a report given by the welfare and safety committee of the Canal Point Lions Club at the dinner meeting of the club Monday night.

In the safety program for Canal Point School children the club, in cooperation with the Parent-Teacher Association, is trying to get a caution light placed at the bend on US441 south of the West Palm Beach Canal bridge. When this light is installed members of the school's safety patrol will be stationed at the school lane before and after school and during the lunch hour, according to Principal Carl Crawford.

Requests for the painted lines and the caution light were made by County Commissioner Paul Rardin to the State Road Department through the county board.

The club voted a donation to the Christmas seal-fund-raising sale of the Palm Beach County Tuberculosis and Health Association. President Alton W. Jones presided.

Total passengers carried between Florida and Nassau by Mackey Airlines since flights were started in 1953 number 63,766.

Coach Issues Call For Basketballers

Coach William D. (Bill) Howard issued the first call for pre-season basketball practice to Pahokee High Blue Devils Tuesday afternoon with approximately 25 candidates for the A and B teams reporting which is one of the best turnouts for basketball here in recent years. The A squad, made up of Seniors and Juniors, will be coached by Howard and the B squad of sophomores and Freshmen, by Coach Webb Pell.

With five returning lettermen on the A squad and a larger number of reserves than last year Coach Howard has high hopes the Blue Devils will show improvement over their performance last season when they finished at the tail end of the Suncoast Conference race. The lettermen include Dow McClelland, Chat Clark, Max Beverly, Jim Seay and Buddy Parker. Others working for positions on the A team are Howard Pugh, Weldon Cardin, Clyde Alley, James Stamps and Mickey Ryals.

After 10 days of practice the

Funeral Services Mark David Luce

Funeral services for Mark David Luce, three-month-old son of Mr. and Mrs. Mendal J. Luce, former Pahokee residents now living in Belle Glade, were held at the Community Methodist Church in Belle Glade Wednesday at 2 p. m., with the Rev. H. Edward Garrett, pastor, officiating.

The infant stopped breathing while the family was enroute to their home in Belle Glade from Lake Placid and was rushed to the Everglades Memorial Hospital where all efforts for resuscitation failed.

Survivors, in addition to the parents, are three sisters, Dayle, Gayle and Cynthia Luce of Belle Glade; the maternal grandparents, Mr. and Mrs. J. E. Coley of Syracuse, N. Y., and the paternal grandparents, Mr. and Mrs. H. C. Luce of Lake Alfred.

Burial was at the Port Mayaca Cemetery. Wetherington's Funeral Home was in charge of arrangements.

Junior Class Play Scheduled Dec. 8-9

The annual Junior Class play will be presented at the Pahokee High School auditorium on the nights of Dec. 8 and 9, according to Miss Barbara Myatt, who is directing the play. It is a comedy in three acts and advance notices are to the effect that those who see it are in for "a barrel of fun."

The comedy is titled "January Thaw" and the cast is made up of the following: John Guerry, Linda Sellers, Pat Crady, Lory Rockwell, James Stamps, Theresa Pope, Beth Smith, Harry Sheppard, Ray Wadell, Douglas Gibbs, Fred Blakey, Judy Shackford and Ronnie Hitchcock or Rupert Mock. Prompters who are to see that the show keeps moving are Wilda Davis and Sandra Adams.

Legion Sponsors Gospel Singers

The Pahokee American Legion Post 90 will sponsor a benefit concert of gospel songs in the high school auditorium Sunday Dec. 11, at 2 p. m.

The concert will feature the singing of the Upthegrove Quartet of the Glades, The Miamians and the Southern Young'uns, a teenage singing group of Miami. Bob Prather, manager of radio station WSWN and well-known composer and arranger of gospel songs, will also take part in the program.

Audience Awards By Pahokee Movie

The management of the Gold-Dobrow theatres announces the close of the National Audience Awards Poll, conducted at the Prince Theatre from November 17 through November 27.

With Mrs. George Tucker, President of the Pahokee Womens Club and Mrs. Wilma Alley superintending the count the final ballots were tabulated and the winners announced for the Prince Theatre as follows:

For best performance by an actor Audley Murphy was awarded first place with a hugh poll and Humphrey Bogart came in second. For best performance by an actress Doris Day took the first spot and Elizabeth Taylor made second place.

For most promising new personalities among the actors gave Tim Hovey a tremendous vote and Tab Hunter trailed for second place. With the actresses for the most

Baptist Training Union Meet Dec. 5th

The annual "M" Night of the Palm Lake Baptist Training Union Association will be held on Monday night, December 5th, at the Green Acres Baptist Church at 7:30 p. m. Dr. James W. Parrish, Pastor of the Riverside Baptist Church in Miami, Florida, will be the Inspirational Speaker. Theme for the service is "Prepared Unto Every Good Work."

"M" Night is an annual affair across the Southern Baptist Convention and Baptists over 22 states will be meeting simultaneously on this night by Associations. The goal for the "M" Night meeting at Green Acres is 525. Each church is expected to bring to the meeting at least 25 percent of their Training Union enrollment. There are 14 churches and two missions in the Palm Lake Association with an enrollment of over 2100 in the Training Union.

Dr. Parrish is a native of Florida, a graduate of Stetson University, and of Southern Seminary in Louisville, Ky. He has held pastorates in Mississippi and in Florida and was in the Navy Chaplaincy for three years. He is in the sixth year as pastor of the Riverside Baptist Church in Miami. He was recently elected President of the Downtown Kiwanis Club in Miami.

Quarter Million To Rebuild SR80

Plans for continued improvement of U. S. Highway 1; improvement of State Road 80 in the Glades; rebuilding of turnpike access roads and Road 9 right of way, were all reviewed Monday by the county commission.

Commissioner Paul Rardin, reporting on a recent meeting of the board and the State Road Board, said the commission had been assured that U. S. 1 improvements would receive top priority during the coming six months. Rardin also reported that the commission was advised that \$200,000 would be spent to resurface State Road 80 between Belle Glade and Hendry County line and that additional \$80,000 would be spent to resurface State Road 80 between Belle Glade and Six Mile Bend.

Commissioner Kenneth Foster asked that the county commission make an immediate request to the State Road Board to consider four laning Okeschoke Road and Delray Beach West Road between the coast and the new tollroad. Foster said he believed the State Turnpike

New Call For Bids On Health Centers

A call for bids for construction of health centers at Belle Glade and Pahokee has been authorized by the county commission. The commission Monday, after hearing a report that plans for the two projects were ready, approved Commissioner Paul Rardin's motion to make an immediate call for bids.

Construction of the two centers, which will be built by combined city, county and federal funds, has been under consideration for some time while federal authorities gave final approval for the plans.

Concerning construction of a new National Guard Armory at Belle Glade, the commission learned this week that U. S. Senators George Smathers and Spessard Holland and Congressman Paul Rogers, are attempting to get an early release of federal funds for the armory. The project hit a bottleneck last month when it was learned that federal funds would not be available at this time. The commission sought the help of Florida's congressional delegation to try and win release of the federal grant.

Altar Society Has Christmas Party Plan

Members of St. Mary's Altar Society at the November meeting held at the home of Mrs. C. L. Wilder made plans for the annual Christmas party for the children of the church to be held at the home of Mrs. Gil Galbaldon during Christmas week, the day to be set later.

The Society also made plans for its annual Christmas program to be held at the home of the president, Mrs. F. M. Shaughnessy, Monday night, Dec. 19, at 8 p. m.

George W. Jenkins, Lakeland, is the founder and head of the Public Super Markets chain, which in the past ten years has grown from one store to a chain of giant markets doing more than \$37,000,000 a year.

Cinematic Chatter

By Malcolm Miller

Hello everybody! It's easy to age young girls but it's much harder to make the old girls young, claims Make-Up Artist Paul Stanhope. "It's possible to make a woman 70 years old look half her age on the screen," says Stanhope, "but the job is a highly complicated one. First, it is necessary to get a picture of the subject when she was a young girl. From this photo a sculptor models a full head as she looked at that age. Then the make-up artists create a mask made of latex from this sculptured head. This latex mask is thin and it is cut into segments so it can be fitted over the face of the actress. Special contour "lifts" and lashes are added and with greasepaint to hide the edges, some thirty to forty year dropped from the subject's appearance. Stanhope explains that such make-up could never be used for street wear but it is remarkably effective for the cameras. The only reason he was able to find so much time to discuss his trade was the amount of leisure he had on hand during some lengthy shots in forthcoming picture now being shot on location in California. Stanhope hopes that he never draws another horror film assignment. "The last one we worked on I had to start putting make-up on the "creatures" at five o'clock in the morning," he stated. See you at the movies—Mal.

Miami Is Expecting Its Biggest Year

MIAMI—The greatest winter air-lift in Florida's history, to provide facilities for bringing three quarters of a million visitors to Florida during the coming winter season, will be launched by Eastern Air Lines on Dec. 1, Captain Eddie Rickenbacker, chairman of the airline, announced recently.

Details of the record airline operation, which will provide a greater Florida capacity than all other domestic air carriers combined, were worked out at a meeting attended by 250 traffic and sales experts of the Eastern Air Lines system, assembled in Miami. Each from 95 northern cities in 24 states. At the conclusion of the 8-day session, over which Captain Rickenbacker presided, the veteran air leader, whose company pioneered the first air passage service to Florida more than 25 years ago, predicted that the coming winter season will be the greatest in the history of the state.

"The tourist business is Florida's first billion dollar industry," Capt. Rickenbacker said. "Based upon the estimates of our traffic experts in the 24-state area which produces better than 90 per cent of Florida's tourists, the coming winter season should be 20 per cent greater than last winter and 1956 will unquestionably be the greatest year in the history of Florida as a resort."

Mrs. Maxson Is Hurt In Triple Car Accident

Mrs. N. V. Maxson of Canal Point was seriously injured and Mrs. Ralph Maxson miraculously escaped injury Thursday morning at 8:45 four miles south of South Bay on US27 when a speeding car struck another vehicle a glancing blow and veered off and struck the Maxson car.

Mrs. Maxson was the only one hurt and she suffered serious cuts about the face and eye. It was necessary to take four stitches to close the wound. She was not hospitalized but brought directly to her home in Canal Point by her son, Earl, who was notified almost immediately after the accident occurred.

Ralph Maxson is in VA hospital at Coral Gables and his wife and mother were on their way to visit him when the accident occurred.

Council what it has decided to do about building new loading zone stalls for growers and contractors. The Council appointed Jones to make arrangements for a meeting of stall renters to work out plans for the new stalls.

The Council decided to meet with officials of the Chamber of Commerce to discuss the proposed construction of building large enough to house both a public library and a chamber office.

It was voted to purchase a new tractor and mower for the streets department from Glades Equipment Company, low bidder, at a cost of \$2,100. It was also voted to install two additional lights at the city park.

The report on the operation of the municipal swimming pool during the past summer, prepared by Leland Keene, manager, were read at the meeting.

Easy Coins A Quick Profit

Hear about Easy Roberts last Friday? I helped him count his money—both before and after—so believe me, the story's true.

Easy was on the way to the bank to deposit his "cookie jar" savings—exactly \$24.95 in nickels, dimes and quarters. He had them in a paper bag and as we crossed Main Street the bottom fell out.

Money went flying. Passers-by pitched in to help recover the coins. Later on when Easy counted up, he had \$25.05. The "search party" had turned up all of

Easy's money plus ten cents, someone else had lost!

From where I sit, I wouldn't want to try this "Easy" way to make money. Usually, it takes time for a bank roll to grow... just as it takes time for a friendship to grow. But by respecting a neighbor's rights—including his right to drink coffee, tea, beer or buttermilk, whichever and whenever he chooses—it's wonderful the solid friendship you can build. You can "bank" on that.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Here's a farm pond that provides both recreation and fire protection.

Uta Farm Has Novel Pond

Looks Like Resort Swimming Pool,
But It Protects Against Fire Too

By IRA MILLER
Farm Electrification Bureau

Farm business is growing into big business. And, as agriculture grows so does its manpower problems. The stock phrase—"down on the farm" is assuming new significance in many cases, because it often means just that: "down" and not "up" on the farm.

Thus, employee relations—the job of keeping employees happy and proud that they are farm workers—becomes more and more important. And, that goes for farm youngsters as well. City jobs appeal strongest to those who do not feel that agriculture is an industry in which they would like to spend a life time.

Even a simple—and practical—thing like a pond can be turned to good account in a farmer's battle for efficient workmen and "stay-at-home" boys and girls. A Utah farm family discovered this fact when they converted a typical pond into a swimming pool—country club style.

Complete with bath house, spring board, striped umbrellas and picnic tables, the pool looks for all the

world like the center of an expensive resort. Then, the visitor spots a big dairy barn in the background and comes back to earth—the good earth of a "big business" farm. Employees use the pool whenever convenient, and so do the neighbors, and family.

The pool, of course, offers more than recreation. It is the farm's ever-ready reservoir if fire should strike. Ponds also have other uses, not the least of which is supplying water for irrigation systems. The size and use made of them depends on a farmer's ideas and ingenuity. They may be large or small, elaborate or not, as desired. But they can be more than just a hole in the ground for water with a little advance planning.

Benjamin Franklin, whose birthday is January 17, was expert in handling money and his advice is as found today as 200 years ago. All quotations here are from his booklet, "The Way To Wealth," published 1760.

Ben Franklin gives you some expert advice about Payroll Savings

"What though you have found no Treasure, nor has any rich Relation left you a legacy, Diligence is the Mother of Good Luck."

Have you ever wished you had \$1,000, \$5,000 or more—to buy a car, get a home, help you toward retirement? Today, it is actually easy to save such large sums! Because, today, you can have your saving done for you—with automatic diligence—through the Payroll Savings Plan.

"If you would have a faithful Servant, and one that you like, serve yourself."

Serving yourself means *keeping* some of the money you make each week and investing it, for yourself. Here's how: you just name a sum to your company's pay office—a few dollars or as much as you want. Each payday, that sum will be saved from your pay, before you get your check and invested for you in one of the world's finest investments, U. S. Series E Savings Bonds!

"Little Strokes fell great Oaks."

Because Savings Bonds earn good interest, they're soon worth more than the money you've invested in them. And how your savings mount up! Sign for as little as \$5.00 a week and in 9 years, 8 months, you'll have \$2,850 cash. In 19 years, 8 months, you'll have \$6,872!

"One To-day is worth two To-morrows, and farther, Have you somewhat to do To-morrow, do it To-day."

For your own sake, don't put off joining the 8 million Americans who are making their dreams come true through Payroll Savings. Sign up for Payroll Savings today. Or, if you're self-employed, invest in Savings Bonds regularly where you bank. If you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually by Treasury check.

Christian Science Group Of Canal Point

The completeness and integrity of God's creation including spiritual man will be brought out at Christian Science services this Sunday.

The Lesson-Sermon, entitled "God the Only Cause and Creator" will include the following verse from the King James Version of the Bible (Matt. 7:18): "A good tree cannot bring forth evil fruit, neither can a corrupt tree bring forth good fruit."

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following (539:15-22): "It is false to say that Truth and error commingle in creation. In parable and argument, this falsity is exposed by our Master as self-evidently wrong."

The Golden Text is from Isaiah (45:18): "Thus said the Lord that created the heavens: God himself that formed the earth and made it: he hath established it, he created it not in vain, he formed it to be inhabited: I am the Lord; and there is none else."

Foreign Missions Is Society Topic

Mrs. E. B. Gamble presented a program on foreign missions at the November meeting of the Pahokee First Baptist Woman's Missionary Society in the church Monday afternoon. Mrs. W. A. Stevens, Sr., was in charge of the devotionals. At the business session with the president, Mrs. F. G. Gill's, presiding the group made plans for sending a box of clothing to the Baptist Children's Home in Lakeland. Assistance and comfort for shut-ins was designated as the community missions project for December. It was announced the WMS will hold its annual Christmas party and program at the church Tuesday, Dec. 13.

Methodist Group Schedules A Film

"Reaching From Heaven", a full-length dramatic film depicting the grace of personal evangelism, will be presented at the Pahokee First Methodist Church Saturday, Dec. 10, at 7:45 p. m. under the sponsorship of the Senior members of the Methodist Youth Fellowship. Admission tickets for adults are 30 cents and for children, 25 cents, proceeds to go into the fund the MYF is raising for the benefit of Wai Yun Syn, a Nationalist Chinese student who is training for medical missionary work at the University of Florida and Florida State University.

Communion Sunday For Pahokee Church

Communion Sunday will be observed at the Pahokee First Methodist Church this Sunday during the morning worship service, the Junior and Adult Choirs to furnish special music. Mrs. Lloyd Hundley, superintendent of the Children's Department in the Church School, will speak on "The Importance of the Building Program in Christian Education." At the evening worship service starting at 7:45 the Rev. A. D. Houghlin, pastor, will deliver the spiritual message, "Something Wonderful Can Happen to You," and the Vesper Choir, made up of teenage voices under the direction of Pat Elliott, will sing.

Fund Raising Plan By Order Rainbow

The Pahokee Assembly, Order of Rainbow for Girls, at a meeting Monday night completed plans for a two-pronged fund-raising project to be held Saturday, Dec. 3.

On this date the Rainbow Girls sponsor a bake sale in front of the postoffice building from 9 to 12 in the morning and a rummage sale on Rardin Avenue from 3 to 6 in the afternoon. Virginia Lee Crossman will be in charge of the bake sale and Glenda Fay Russom, the rummage sale.

It was announced proficiency tests will be given to members at the next meeting, Dec. 10. Miss Mary Arthur Kirk, worthy advisor, presided.

BRIDAL SHOWER

The Pahokee Woman's Club was the scene of a bride's miscellaneous shower and party in compliment to Miss Erma Jean McAfee, bride-elect of E. M. Davis. Hostesses were Mrs. Kenneth Price, Mrs. Billy Ray Mosley and Mrs. Elizabeth Beede.

a castle in the air costs nothing
—but you can't live in it!

Make your dream house come true! It's easy
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving *automatically*—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U.S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

* * *

If you want your interest as current income, ask your bank about Series H Bonds, which pay interest semi-annually by Treasury check.

Authority would furnish funds for this work in view of large savings that have been made in actual turnpike construction. The two roads serve as the main access roads between the coast and the turnpike and will carry heavy traffic after the turnpike is opened.

The commission, if plans for four laning the two roads are approved, will take steps to procure the necessary right of way.

Concerning State Road 9, the board made plans to review present right of way holdings and future needs and to make the right of way maps a matter of record. Commissioner Michael said the Federal Bureau of Public Roads had expressed interest in construction of State Road 9 and that the county should take immediate steps to secure right of way. Road 9 is located along the western edges of Palm Beach County's coastal communities.

promising new personality the voters gave Peggy Lee first place and Terry Moore second.

For the best picture of the year "Blackboard Jungle" got a heavy vote for the leading picture and "To Hell and Back" came in a close second.

The ballots have been mailed to Price Waterhouse and Company for final certification and entry into the National Poll. As soon as the National Poll is completed and the names of winners are released the local public will be notified.

The management of the Gold-Dobrow Theatre announced they were greatly pleased with the interest shown by the movie goers of this section and hope to repeat the performance next year.

A firm of consultants for the Florida Turnpike Commission says they expect the Florida turnpike to save 40 lives in its first year, based on statistics compiled on other through-ways.

Mr. and Mrs. William A. Baker have as guests this week her brother and sister-in-law, Mr. and Mrs. C. W. Shell of San Diego, Calif., and sister, Mrs. C. E. Davis of Jacksonville.

Building Burns In Streamline Section

A large wooden residential building occupied by eight Negro families was destroyed by fire early Sunday morning in the Streamline settlement just beyond the southeast city limits of Pahokee. Most of the personal belongings of the occupants were lost but no one was hurt, according to Fire Chief Marvin

Levins of the Pahokee Fire Department.

The building was owned by W. M. (Frenchy) Johnson. A similar building next to the one that was destroyed, also owned by Johnson, was afire when the Pahokee volunteer firemen arrived on the scene but they were able to save it before the blaze did much damage.

The cause of the fire could not be determined, according to Chief Levins.
